INSURANCE FORGERY THREATS «1»

Forged Image Of Car Accident

Original

Fake

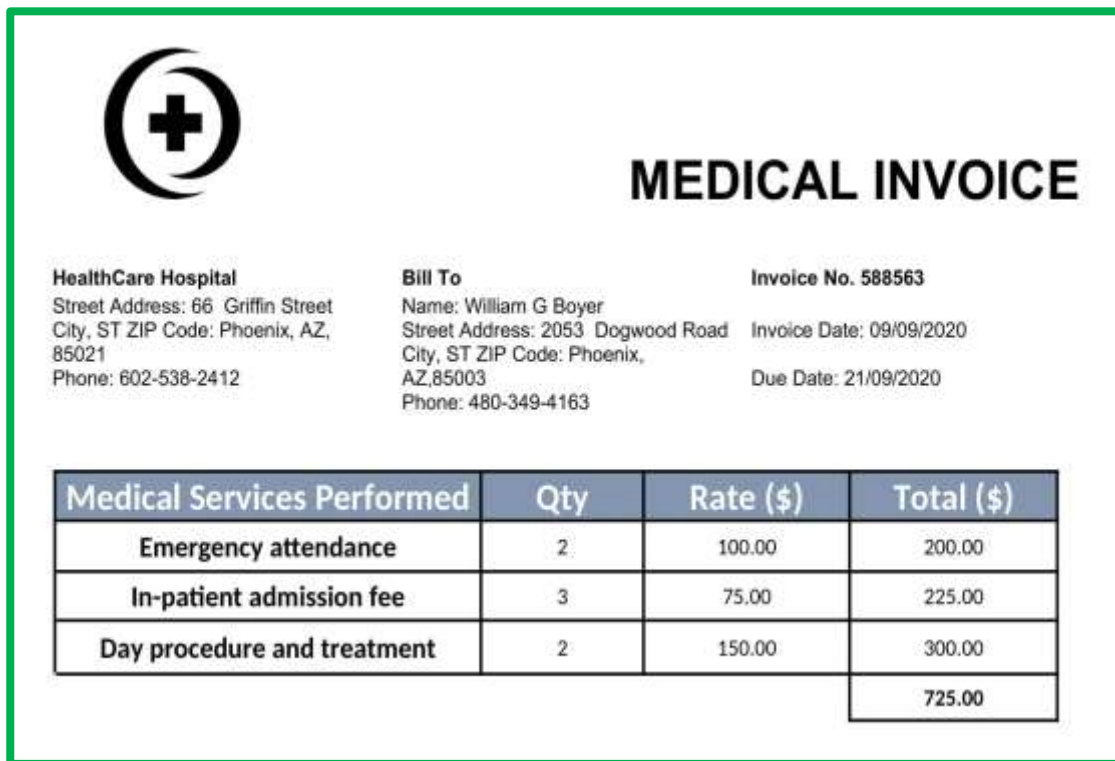

Fraudulently increasing the damaged area of a car after an accident, to claim additional damage and funds from insurance

INSURANCE FORGERY THREATS «2»

Forged Document

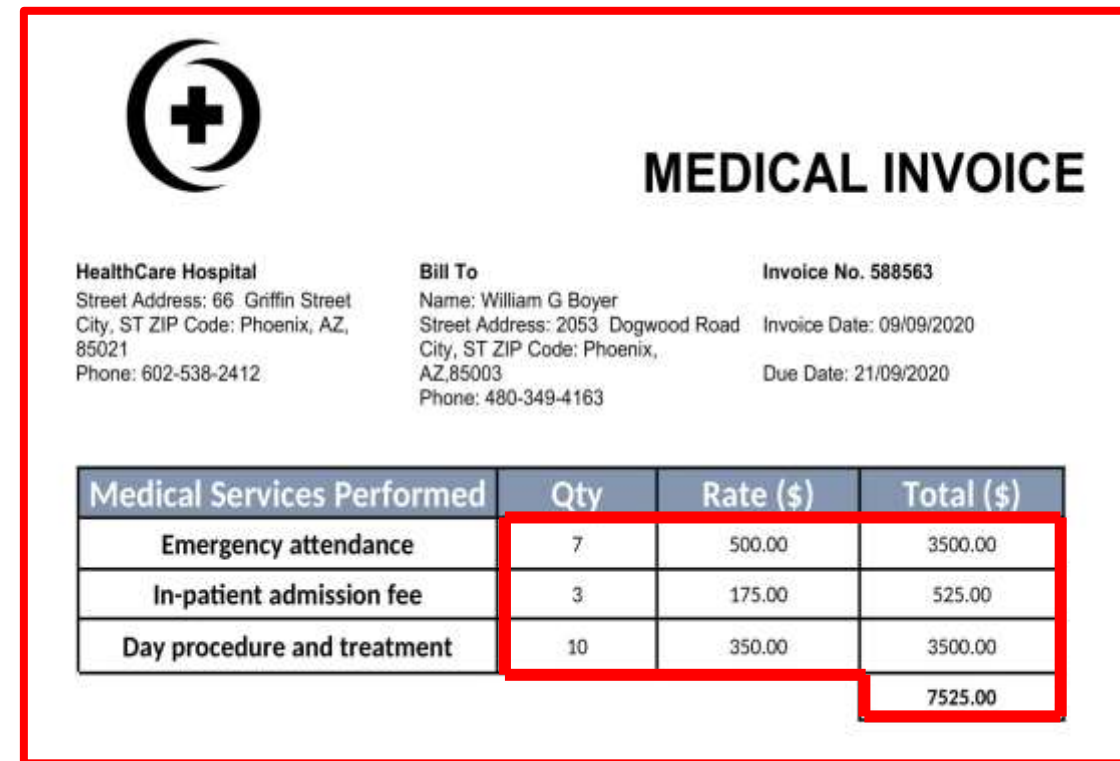

Original

The original medical invoice is enclosed in a green border. It features a logo with a cross in a circle at the top left. The title "MEDICAL INVOICE" is centered at the top. Below the logo, the hospital's name and address are listed. To the right, the patient's name and address are provided. Further right, the invoice number, date, and due date are displayed. At the bottom, a table lists the services performed, their quantities, rates, and totals.

Medical Services Performed	Qty	Rate (\$)	Total (\$)
Emergency attendance	2	100.00	200.00
In-patient admission fee	3	75.00	225.00
Day procedure and treatment	2	150.00	300.00
			725.00

Fake

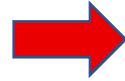

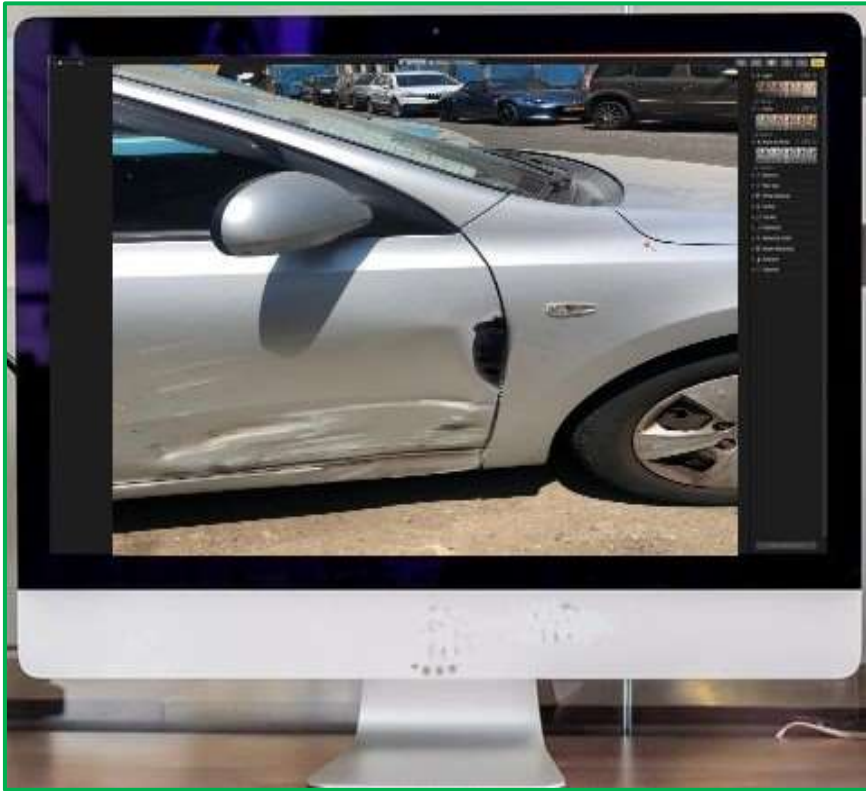

The forged medical invoice is enclosed in a red border. It is identical to the original in terms of header information (logo, title, hospital and patient details, invoice number, date, and due date). However, the table at the bottom has been altered to increase the total amount. The quantities and rates for each service have been changed, resulting in a significantly higher total.

Medical Services Performed	Qty	Rate (\$)	Total (\$)
Emergency attendance	7	500.00	3500.00
In-patient admission fee	3	175.00	525.00
Day procedure and treatment	10	350.00	3500.00
			7525.00

Changing a medical care invoice to increase total
